

Cambridgeshire Mammal Group

Calendar of events - 2020

Here's a list of those Group events remaining in 2020 which have not been cancelled (COVID-19 to blame). Other events were due for discussion and confirmation at our last business meeting - that was cancelled (again COVID-19 to blame) so those never even reached this Calendar. Where possible, ENs will be produced in good time as usual. It is very possible that some or all of the events below will also be cancelled .

(15 and) 16 May - BioBlitz in Grafham village. Members may be needed for o/n smt and staffing a stall.

(19 and) 20 September - 5pm to 5pm - BioBlitz in the Botanic Garden in Cambridge. Members will be needed for o/n smt and staffing a stall.

(27 and) 28 October - Families and young people event. Members will be needed for o/n smt and possibly staffing a stall.

mid-late November - smt in Robinson College gardens - dates and times TBC.
